

Castleton Village Email Group

This group has been set up by villagers for Villagers to try and improve communication for us all.

It's very simple to join, just email us at castletonemail@gmail.com with your preferred email address, and we will add you to our list and send you information on how to use the group.

You will then be able to email the whole group at the press of a button, at any time about anything which you think would be of interest to villagers, including local events, local issues, asking for or offering help or items and much more!!

Lets all help everyone in our village feel connected

Thanks from Villagers
